

# Economics Bridging Work 2026

New students are expected to have completed the following research prior to arrival in lessons in September 2021. You are embarking on a relatively new A level course, with new content. The task below is part of the new content.

Ensure you follow the instructions below carefully.

**Compare and contrast the core beliefs of these 4 famous economists;**

- 1. Adam Smith**
- 2. Friedrich Hayek**
- 3. Karl Marx**
- 4. John Maynard Keynes**

You can do this in any format (no more than 2 sides of A4) you want such as a comparison table, a poster, or a report.

**Do not simply cut and paste from a website, this is a task for your Economics teachers to learn whether you can understand information.**

## **TASK 2**

Additionally during the school closures **tutor2U** are offering free courses for Y11's hoping to study Economics. Complete these if you hope to achieve well
