Y12 Medical Science Transition work

Welcome to Medical Science.

To help you prepare, we have set assignments on higher GCSE / easy A Level Biology. These are on a website called **Isaac Science**, which you will need to register on. This is the same website used by Biology, Physics and Chemistry, but you still need to join the Medical Science group.

Instructions:

1. Scan the QR code below
2. You should then be able to access the group – Medical Science transition activity.
3. Go to 'My Assignments'.

You have to answer a few questions on each, and it will automatically save your responses.

Good Luck, and see you in September,

Dr Bourne
